Sat Lecture (8am to 12:00pm)

Ultrasonography of osseous and soft tissue structures of the shoulder

3D Models to understand cervical facet ultrasonography

Stifle Ultrasonography

Ultrasonography for Pelvic Fractures

Lumbosacral & Sacroiliac Cases

*Practical Wet Lab Session
Group 1—Saturday (1:00pm-5:00pm)
Group 2—Sunday (8am—12:00pm)*

**Each wet Lab session limited to 10 participants
Tuition Fee: \$500
8 Hours CE Credits Offered*

Meals Provided by "MWI & Pfizer"

Lectures will be presented by Dr. Mary Beth Whitcomb, Associate Professor of Large Animal Ultrasonography at UC Davis, using the latest in presentation techniques to simulate the ultrasound exam.

Littleton Equine Medical Center, Littleton, CO

Dr. Whitcomb will be joined by her faculty colleague, Dr. Betsy Vaughan, to instruct wetlab participants in proper imaging techniques of the lectured structures. Drs. Whitcomb & Vaughan bring a combined 19 years teaching experience in the art of ultrasonography and are dedicated to providing the best in hands-on ultrasound experience to wetlab participants.
